WHITMORE JURY BOX QUICKLY FILLED AND STATE BEGINS CASE

Relatives of Dead Woman and Other Witnesses Follow One Another in Rapid Succession at Jersey City -Two Judges on the Bench.

"Jersey Justice" again made a new speed record to-day.

The case of Theodore S. Whitmore, charged with murdering his wife, and hurling her body into Lampblack Swamp, near Harrison, was called in the Court of Oyer and Terminer, Jersey City, this morning. In less than an hour the jury box was filled, and the trial was well under

After a brief opening address by Assistant Prosector Vickers, witnesses were called in rapid succession. Before the noon recess much of the Prosecutor's evidence had been presented.

Because of the many subtle points of law involved in the difficultly woven web of testimony against the defendant two judges were called to preside at the trial. County Judge John A. Blair took his usual seat on the bench and Supreme Court Justice Swayze came from Newark to assist him.

Not in six years has the Supreme Court Justice assisted in a murder trial in Hudson County.

Although the belief has been that Prosecutor Pierre Garven's case against Whitmore is purely circumstantial, and far from a certain chain at that, when the challenging and swearing in of the jurors began to-day the report was spread that Garven had some startling evidence to spring that was not of circumstantial proof.

brutality. The State will also show that on the day before his wife disappeared he had an encounter with her upon the sireet. Furthermore, we will establish manifold motives for this crime.

"First, there was another woman he had beeome installed in the home of the dead woman, No. 137 Adams street, Brooklyn, before the body of his wife was quite cold in the Lampblack Swamp. We will show you what sort of a life the murdered woman led, and why this man desired to rid himself of her. He had one of two reasons for getting rid of her; first, installing a rival woman in her place, or another. Here we have more complex motives, but there is nothing complex about his efforts to get possession of the murdered woman's body, but which were found in the possession of a man which were found in the possession of a man desired to rid himself of her. CABMAN MURDER By Dry, Scaly Eczema on Most of His Body—At Times Flesh Seemed on Fire-Rim of Crusts Around Scalp—Suffered 3 Years

CURED IN TWO MONTHS BY CUTICURA REMEDIES

"I first became affected with a dry scaly humor which was pronounced dry eczema by three leading physicians. dry eczema by three leading physicians. It commenced on my legs and arms, and finally covered the greater part of my body. I suffered for about three years. My scalp around the edges of my hair was a complete ring of scales and crusts. The disease was more disfiguring than can be imagined, and heat and perspiration caused my flesh to be as if on fire and I could not keep my hands away from it at times. to be as if on fire and I could not keep my hands away from it at times. I was given salves and medicine repeatedly by each physicfan, and advised to wash frequently in soda and water, but nothing cured me. Then I read of the wonderful Cuticura Remedies and decided I would try them, and I am glad to state openly that by constant use as directed for two months I am entirely cured. I used two cakes of Cuti ura Soap, three boxes of Cuticura Ointmen, and the same number of bottles of Cuticura Pills. I will gladly tell about Cuticura is those whom I see in need of a skiin cure. ITCHING SCALP

"My wife had suffered for ten years with a bad itching of the scalp. Most of the time she could hardly sleep at night. The skin was all discolored and inflamed and she had tried hundreds of things which had been recommended in the papers and by friends, but in vain. Last year I sent for a set of Cuticura Soap, Cuticura Ointment, and Cuticura Pills. She used this complete treatment as per directions and has not been bothered since.
